The Watson-Watt Society of Brechin

fao : Robert Martin - Charmain

Subject : Website Development Support

Dear Robert,

With reference to our recent conversation regarding Mearnswood Media's cost for this project - we would like to provide the completed work and all future work in maintaining and updating the website free of charge to help support the cause of the Society and the raising of funds for the Memorial Project currently ongoing.

We believe that this is truly another Great Scot (understated) who needs worldwide recognition for his significant contributions to science through his pioneering work in the development of RADAR.

It is a contribution we would like to make in assisting the Society in achieving the objectives to increase awareness (and Donations) of this Great man Sir Robert Watson-Watt.

If you need anything further do not hesitate to contact me.

Yours sincerely

For & on Behalf of
Mearnswood Media Limited

Craig Russell
